JAMES MUGNOLO

Software Engineer

📞 630-956-6122   ✉ mugnolojames@gmail.com   📍 Glen Ellyn 60137

CAREER OBJECTIVE

Adaptable college graduate with knowledge of application development, configuration management, and database design. Aiming to leverage my abilities to successfully fill the vacancy on your team. Frequently praised for communication by my peers, I can be relied upon to help your team achieve its goals.

EXPERIENCE

TUTOR, Platteville, WI

University Of Wisconsin, Platteville, October 2022–May 2023

- Assisted students in developing study skills and strategies
- Supported students in development of critical thinking skills and perseverance to persist with challenging tasks.
- Provided subject-specific tutorial support to students in one-on-one sessions.

SOFTWARE ENGINEERING INTERN, Chicago, IL

Slalom Build, June 2022–August 2022

- Worked as a full stack software engineer within diverse Agile-adjacent team environment to create an internal application for the company
- Collaborated directly with the product owner to create new requirements for the application or refine the requirements that were already given
- Strategized with other members of the team to make the implementation of the stories the best they can be
- Worked with React, Node, and AWS, and DynamoDB to create the project
- Used the Atlassion suite to manage the project
